

Tom Ille
Game Developer

Profile

I am a passionate game developer and gamer who is eager to gain experience in the game industry. I moved to Göteborg, Sweden in 2017 to attain my master's degree in Game Design and Technology and have now decided to stay in Sweden for the time being. I love tackling both Game Design and Software Engineering challenges in a creative and goal-oriented manner. My focus is on creating software that works efficiently while providing the best possible experience for the audience.
